

SECOND REGULAR SESSION
[PERFECTED]
HOUSE COMMITTEE SUBSTITUTE FOR
HOUSE BILL NO. 980
92ND GENERAL ASSEMBLY

Reported from the Committee on Agriculture January 29, 2004 with recommendation that the House Committee Substitute for House Bill No. 980 Do Pass.

Taken up for Perfection February 3, 2004. House Committee Substitute for House Bill No. 980 ordered Perfected and printed, as amended.

STEPHEN S. DAVIS, Chief Clerk

2513L.02P

AN ACT

To amend chapter 640, RSMo, by adding thereto one new section relating to environmental rules.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Chapter 640, RSMo, is amended by adding thereto one new section, to be
2 known as section 640.014, to read as follows:

640.014. 1. Notwithstanding any provision of the law to the contrary, all rules that
2 **prescribe environmental conditions or standards promulgated or amended after the**
3 **effective date of this section by the department of natural resources, a board, or a**
4 **commission, pursuant to this chapter and chapters 260, 278, 319, 444, 643, and 644, RSMo,**
5 **the hazardous waste management commission in chapter 260, RSMo, the state soil and**
6 **water districts commission in chapter 278, RSMo, the land reclamation commission in**
7 **chapter 444, RSMo, the safe drinking water commission in this chapter, the air**
8 **conservation commission in chapter 643, RSMo, and the clean water commission in chapter**
9 **644, RSMo, shall cite the specific section of law or legal authority. The rule shall also be**
10 **based on the regulatory impact report provided in this section.**

11 **2. The regulatory impact report required by this section shall include:**

12 **(1) A report on the scientific data used to commence the rulemaking process;**

13 (2) A description of persons who will most likely be affected by the proposed rule,
14 including persons that will bear the costs of the proposed rule and persons that will benefit
15 from the proposed rule;

16 (3) A description of the probable qualitative and quantitative impact of the
17 proposed rule, including environmental and economic costs and benefits;

18 (4) The probable costs to the agency and to any other agency of the implementation
19 and enforcement of the proposed rule and any anticipated effect on state revenue;

20 (5) A comparison of the probable costs and benefits of the proposed rule to the
21 probable costs and benefits of inaction, which includes both economic and environmental
22 costs and benefits;

23 (6) A determination of whether there are less costly or less intrusive methods for
24 achieving the proposed rule;

25 (7) A description of any alternative methods for achieving the purpose of the
26 proposed rule that were seriously considered by the department and the reasons they were
27 rejected in favor of the proposed rule;

28 (8) An analysis of both short-term and long-term consequences of the proposed
29 rule;

30 (9) An explanation of the risks to human health, public welfare, or the
31 environment, addressed by the proposed rule;

32 (10) The identification of the sources of scientific information used in evaluating
33 the risk and a summary of such information;

34 (11) A description and impact statement of any uncertainties and assumptions
35 made in conducting the analysis on the resulting risk estimate;

36 (12) A description of any significant countervailing risks that may be caused by the
37 proposed rule; and

38 (13) The identification of alternative regulatory approaches that will produce
39 comparable human health, public welfare, or the environmental outcomes and an estimate
40 of their relative benefits and costs.

41 3. The department, board, or commission shall develop the regulatory impact
42 report required by this section using published data.

43 4. The department, board, or commission shall publish in at least one newspaper
44 of general circulation, qualified pursuant to chapter 493, RSMo, with an average
45 circulation of twenty thousand or more and on the department, board, or commission
46 website a notice of availability of any regulatory impact report conducted pursuant to this
47 section and shall make such assessments and analyses available to the public by posting
48 them on the department, board, or commission website. The department, board, or

49 commission shall allow at least sixty days for the public to submit comments and shall post
50 all comments and respond to all significant comments before promulgating the rule.

51 5. The department, board, or commission shall file a copy of the regulatory impact
52 report with the joint committee on administrative rules concurrently with the filing of the
53 proposed rule pursuant to section 536.024, RSMo.

54 6. If the department, board, or commission fails to conduct the regulatory impact
55 report as required for each proposed rule pursuant to this section, such rule shall be void.

56 7. Notwithstanding any other provision of this section to the contrary, the
57 department, board, or commission referenced in subsection 1 of this section may adopt a
58 rule without conducting a regulatory impact report if the director of the department
59 determines that immediate action is necessary to protect human health, public welfare, or
60 the environment; provided, however, the department, board, or commission shall provide
61 written justification as to why it deviated from conducting a regulatory impact report and
62 shall complete the regulatory impact report within one hundred eighty days of the
63 adoption of the rule.

64 8. This section shall not apply if the department adopts environmental protection
65 agency rules and rules from other applicable federal agencies without variance.
